

Sprint 2 Report - VeriFi - Christopher Zarraga, Divya Machiraju, Srushti Chaudhari, Sai Gonuguntla, Ethan Williams

Actions to Stop Doing:

- Writing code without comments
- Stop adding too many user stories when there is a backlog
- Focus on completing a feature before moving onto the next one, half broken pieces are bad

Actions to Keep Doing:

- Keep meeting short and focused
- Keep communication in Discord going
- Keep communicating issues as they come up

Actions to Start Doing:

- Begin communicating with the team throughout integration
- Raise and address integration issues early
- Set extra time apart to review each other's code and suggest fixes

Work Completed: {Spikes, 1.4, 1.1, 1.2, 1.3, 2.1, 2.2, 2.3, 2.4}

Work Not Completed: {None! }

Completion Rate:

- User Stories Completed: 4
- Sprint 2 Work Hours: 42 story points
- Days: 7
- Sprint 2 UserStories/Day: $8/7 = 1.143$
- Sprint 2 HoursWorked/Day: $42/7 = 6$
- Total UserStories/Day: $(2 + 8) / 14 = 0.714$
- Total HoursWorked/Day: $(10 + 42) / 14 = 3.714$
